#	RESPONSES	DATE
1	Please put in adequate facilities for women. There always seems to be a line for the women's restroom due to too few stalls.	11/1/2017 11:58 AM
2	My immediate concern is the current condition of the ladies' room by the biggest parking lot. A hole has been in the interior wall for over a year. Women need a better way to dry their hands. These both could be easily remedied for little cost.	11/1/2017 11:53 AM
3	No	10/29/2017 3:51 PM
4	Please make drinking fountains that can be used to fill water bottles and give water to pets. This will make it safer for everyone to hike in the park	10/25/2017 12:53 PM
5	Vissually appropriate vault "SST" units will be fine. Just keep them away from the rocks. Please don't spoil the visual landscape.	10/24/2017 2:48 PM
6	We need more restroom facilities rather than prettier ones.	10/24/2017 1:18 PM
7	Needs hand soap/dryers! Clean, Maintained stalls! Adequate water pressure. We visited in March and the restroom was so disgusting, none of us could even use it. Plus there was no soap or hand dryers either. It was a disgrace to such a beautiful park.	10/24/2017 11:45 AM
8	no	10/24/2017 8:53 AM
9	I wish there was a way to limit vehicle traffic through the park! More bathrooms are great if they help keep the park clean but shouldn't take away from the beauty.	10/23/2017 9:47 PM
10	Please make them safe for everyone	10/23/2017 9:06 PM
11	Dog leash holders in restrooms, dog waste disposal recepticals,	10/23/2017 7:54 PM
12	I think Emergency Calls Buttons would be a fantastic idea.	10/23/2017 7:13 PM
13	thanks for the improvements	10/23/2017 6:54 PM
14	Restrooms should be open 24/7 365 days/yr so please make them freeze-proof; also, all stalls should have doors. (Not like Scotsman now.) Thank you!	10/23/2017 2:52 PM

Garden of the Gods Restroom Facilities Improvement Survey - Oct. 2017

27	I would like to see all restrooms open year round.	10/19/2017 4:25 PM
28	They should blend in with the park, be low impact and maximize sustainable energy sources.	10/19/2017 11:29 AM
29	Having a place to leash a dog while in the restroom would be nice	10/19/2017 9:47 AM
30	I could not figure out how to rank the previous question. But think the environmental considerations are most important.	10/18/2017 6:54 PM
31	Consider adding a water-bottle-filler next to the drinking fountains. They tend to be faster than filling bottles from drinking fountains.	10/18/2017 2:39 PM
32	Include more stalls to host high traffic	10/18/2017 1:09 PM
33	Thank You for improving the restroom facilities in G of the G. We have traveled overseas and I am always embarrassed to bring visitors to the facilities in G of the G. They are truly awful! Even in little villages in 3rd world countries there is hot water, soap, towels and even fresh flowers! So Kudos for finally addressing our pathetic facilities in one of the most visited parks in the Country :)	10/18/2017 11:49 AM
34	This is highly needed. Thank you.	10/17/2017 5:51 AM
35	Keep open year round	10/16/2017 6:31 PM
36	It's important to get it right with the high volume of visitors and traffic.	10/16/2017 5:11 PM
37	stop allowing the park to be used as a restroom for horses. The horse trains cause trail damage, trail pollution, noise pollution (shouting guides) . Can't think of another example of a private enterprise damaging our resources for private gain. The small amount they reimburse is for use does not begin to cover the negative impacts they have.	10/16/2017 12:04 PM
38	You should add a location at the South Parking lot versus Locations #1 or #2 above. There is limited access to both of these areas. You would accommodate more visitors needs if located closer to a larger parking area like the South Parking lot.	10/16/2017 11:13 AM
39	dog water stations	10/15/2017 7:54 PM
40	Be open year around.	10/15/2017 3:26 PM
41	Great examples: Rest areas on I-25 (limited water nearby) yet these are energy efficient-spotless-easy access-safe while there-energy lighting & more. Garden of the Gods is a great example of outstanding Colorado-needs to be top of the line & saves money.	10/14/2017 11:07 AM
42	It would be good if they were all open year-round.	10/14/2017 8:47 AM
43	Security with cameras	10/13/2017 9:18 PM
44	Water bottle fillers. Dog faucets. More stalls for women than men.	10/13/2017 8:54 PM
45	It is time to have individual restrooms that are gender neutral so women don't always have to wait forever while men don't have to wait at all	10/13/2017 9:23 AM
46	restrooms should have more stalls for women than for men. Realistically, women must take longer. Also, women tend to be the ones that take the kids into the restrooms. So more stalls are needed for women than for men.	10/12/2017 5:06 PM
47	My hiking group usually hikes in places that don't have restrooms except at the trailhead. We have learned to adapt to that. However the Garden of the Gods has many visitors just looking and enjoying the sites. I think restrooms would make their stay much more pleasant.	10/12/2017 4:25 PM

71	Minimize impact to Central Garden, and other areas less developed. Restrooms should not obstruct or change sightlines or views, moving N Main restrooms to open views to the South would be nice. More maps and information available at trailheads or near restrooms. Current restrooms leak and clog frequently, please design ROBUST facilities, and keep them unobtrusive.	10/5/2017 3:38 PM
