DEFINITIONS CASKET GRAVE SPACES

Basic, premium and premier spaces: Single grave spaces designated as such based on location within the Cemetery.

City Polyguard: A protective outer casing that goes over a casket when placed in a grave.

Single vs. Double Depth: A single grave can be purchased for the interment of one casket. A double depth grave allows for the interment of two caskets, one on top of the other. This burial option has to be chosen prior to the first interment.

CREMATION OPTIONS

Cremation Estate: A space that is 8' X 10' and is large enough to bury up to 15 cremains with one headstone.

Cremation Garden: A garden where cremains can be co-mingled with the soil. There is a public monument for an inscription of the name, year of birth and year of death.

Cremation Vault: A protective outer casing that goes over the urn.

Endowment Contribution: Funds that are endowed for perpetual care of grave sites which encompasses the mowing, watering, and fertilizing of grave sites.

Flat Stone: A cremation space with space for a flat marker.

Old Section Cremation Space: An older section area with space for a flat marker.

Upright Cremation Space: A cremation space large enough to fit an upright stone.

Evergreen and Fairview Cemeteries are Colorado Springs oldest continuously-operated cemeteries.

We invite you to visit, tour our facilities and learn about the services we provide. You are welcome to drive, bicycle, or take a leisurely stroll through either cemetery and enjoy the serenity that both have to offer.

Please feel free to discuss with our caring professional staff the convenient payment plans on before-need purchases that are available. Discover the peace of mind that comes from knowing your final arrangements have been completed and that your loved ones can easily carry out your wishes.

Whether your needs are immediate due to a death or you are considering before-need purchase for yourself, let us assist you and your family with your arrangements.

As custodians of the cemeteries, the City of Colorado Springs embraces its responsibility to preserve the rich history contained at Evergreen and Fairview.

Most cemetery blocks are endowed, meaning the purchasers paid for perpetual care of these grave sites. Created in the early 1900's, the perpetual care fund encompasses the mowing, watering, and fertilizing of grave sites. Monument maintenance is the responsibility of the purchasers and their heirs.

The Cemetery Enterprise pre-sells grave spaces, niches, opening and closing fees, and select burial vaults for those desiring to lock in burial costs before need.

We also sell grave spaces and niches over time with a contract that requires \$100 down payment per space, or niche, a 10% administration fee and quarterly payments ending in one year. No burials or interments may occur until a space or niche is paid in full. All pre-need services require space or niche ownership. All Cemetery fees must be paid before burials. The Cemetery Enterprise does not accept insurance consignments, promissory notes or other agreement instruments.

Evergreen Cemetery

1005 Hancock Expressway
Colorado Springs, CO 80903

Evergreen was established shortly after the town was founded in 1871, and deeded to the City of Colorado Springs in 1875 by city founder, General William Jackson Palmer. As such, 220-acre Evergreen Cemetery enjoys a unique historical tie to the Colorado Springs community. In 1993, Evergreen was placed on the National Register of Historic Places, only the second cemetery in the state to receive such an honor.
