## SESSION GUIDELINES

For the benefit of our skaters, coaches and parents, please observe the following guidelines so figure skating sessions can be a positive experience for everyone. Figure skating sessions are designed for figure skaters to learn advanced skills, train and practice their routines. Skaters and coaches must pay for each figure skating session before stepping on the ice.

### SESSION DEFINITIONS

- **Open sessions** are used for dance, freestyle, Moves in the Field and US Figure Skating Basic 4 or above. There are a variety of disciplines on this session and requires your special awareness.
- **Freestyle/Dance sessions** are used for freestyle, dance, Moves in the Field and US Figure Skating Basic 4 or above.
- **Dance/Freestyle sessions** are used for dance, Moves in the Field and US Figure Skating Basic 4 or above. Dances travel around the rink in a counter clockwise direction.
- **Basic Skills Freestyle sessions** are open to US Figure Skating Free Skate levels 6 and below. No coned area and no buckets. Session is monitored and staff is available to play program music. Learn-to-Skate students may use free passes to attend these sessions.

*The management of Sertich Ice Center reserve the right to allow other disciplines on designated sessions.*

### RIGHT OF WAY

1. **Programs have the first priority to the right of way.** The program skater should be easily identifiable by the use of a fluorescent colored sash tied around the waist. Programs will be played in the order they were requested.
2. **Lessons have the second priority to the right of way.** Always yield the right of way to the skater/dance team wearing the sash and performing their program.

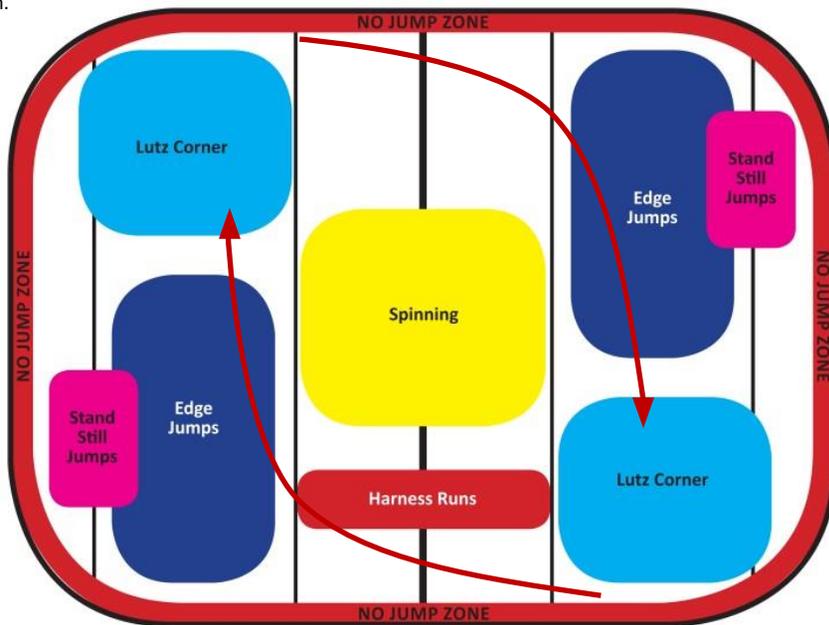

### FLOW OF THE ICE

*(Diagram represents general guidelines)*

- Spins should be done in the center of the ice.
- The ends of the arena are for jumping and are considered the jump zones.

#### Disclaimer:

*Diagram based on a full session. Guidelines are high recommended regardless of the number of skaters on the session.*

## ETIQUETTE AND SAFETY

- Be courteous both on and off the ice. "Excuse me" or "Thank you" go a long way. Be considerate if you can see that another skater does not see you coming.
- No sitting or standing on the ice is permitted. If receiving instruction, stand against the boards out of the way of others.
- Keep your head up and be aware of other skaters around you.
- When passing slower skaters, try to pass to the outside of the skater.
- When you are not skating, please leave the ice.
- Do not stand around in groups, you may be asked to exit the ice by the skate monitor if you do.
- If you fall, get up right away. If you are hurt, stay still on the ice until staff reaches you.
- Do not stay in one place on the ice, you may be asked to exit the ice by the ice monitor if you do.
- Be on time for your sessions, especially after a resurface. Use every minute of your ice time to the maximum.
- Apologize when you accidentally get in someone else's way, especially if they had the right of way (*It does happen*).
- For your safety, no one is allowed on the ice without skates or ice cleats. Ice cleats can be checked out at Skate Rental.
- Respect other's space. Please do not jump or skate too close to another skater or coach.
- Prior to entering the ice surface, skaters must pay and check-in with the ice monitor.
- During a formal lesson, a skater/coach may bump their program music to the **next- in-line** program. Please wear a sash when you are performing your program to your music.
- Skaters must be at the **US Figure Skating Basic 4** level to participate on any figure skating session (Exception – Basic Skills Freestyles).
- Allowing multiple disciplines on any freestyle/dance or dance/freestyle session is at the discretion of Sertich management.
