SKATES, SAFETY, & WHAT TO WEAR

Skate boots should provide a snug fit.

Your foot should not move around inside the boot.

The closer the fit, the more control you will have.

Lace skates by crisscrossing the laces snugly around each hook.

To ensure proper support for the ankle, the tightest point of lacing should be at the instep.

Feet will feel best in lightweight socks or tights.

Wear several layers of clothing to start, as you warm-up you can discard a layer or two.

Comfort and freedom of movement are important.

Try not to wear clothing that might be restrictive.

Sweats or warm-ups are ideal.

Helmets are suggested for beginner skaters and are recommended for all activities.

Remember to bring gloves.

Parents and spectators are not allowed on the ice during activities.

PRIVATE SKATING LESSONS

Private instruction parallels our group instruction from the earliest beginner to the most advanced skater. Sertich Ice Center will be happy to arrange for one of our professional instructors to call and set up a mutually convenient lesson time. Private lessons are available during Public Skating and Freestyle sessions.
